

# MISSION STATEMENT

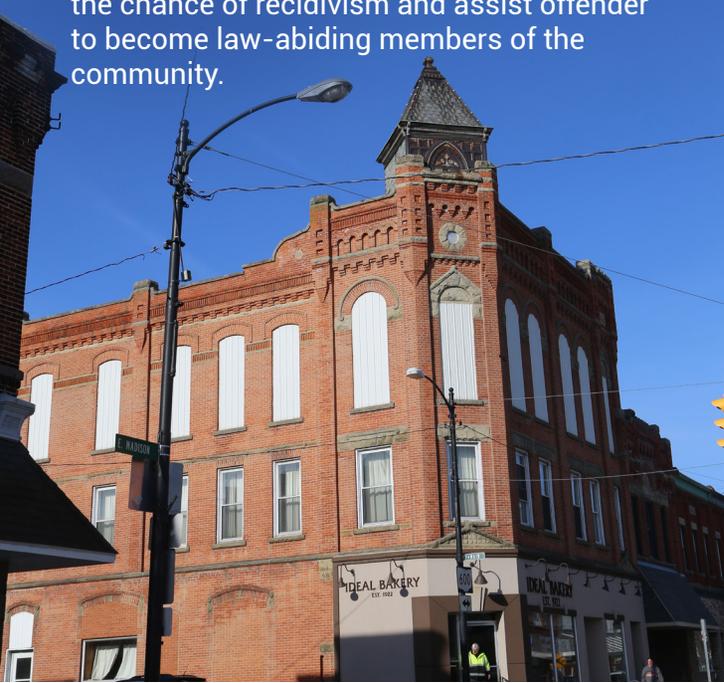

The power program offers probationers the opportunity to be re-integrated back into society.

Our mission is to avoid recidivism by assisting the defendant in their ability to make a living, becoming a beneficial member of the community, and breaking the cycle of generational poverty.

Offenders will have use of community resources, while given guidance to meeting the goal of reduction in recidivism.

Our department values corrective behavior and lifestyle changes. The program will provide insightful solutions that give probationers empowerment.

The goal is to instill an improved sense of responsibility, accountability, and decrease the chance of recidivism and assist offender to become law-abiding members of the community.
