

Portage Park District does the important work of conserving these precious natural areas and creating parks and trails for your use and enjoyment. We strive to improve our community's sense of identity and quality of life by making a place for our citizens to train, heal, learn, laugh, connect and dream.

Now more than ever, people need the opportunity to experience and understand nature. We're fortunate to live in Portage County, an area of natural beauty, scenic landscapes and interesting historic sites.

About Your Park District

The Portage Park District is an independent political subdivision of the State of Ohio formed in 1991 with its jurisdiction covering all of Portage County. Although it is independent of County government, the Park District utilizes the services of the Portage County Auditor, Treasurer and Prosecutor. It is governed by an unpaid five-member Board of Park Commissioners appointed by Portage County Probate Judge according to Ohio Revised Code Section 1545.

Your Portage Park District focuses on:

Conservation and Stewardship

We acquire, preserve and restore important natural areas to protect water quality, wildlife habitat, biodiversity and beautiful landscapes for generations to come. Natural areas stewardship is the long-term management of our local natural resources to sustain their inherent diversity and ecological function. Visit our park website to learn more about our current conservation projects.

Creating Parks and Trails

We develop and maintain safe, clean public trails and parks to provide opportunities for healthy recreation for all ages and abilities. Enjoy the beauty and serenity of nature while hiking, biking, fishing, strolling, picnicking, horseback riding, paddling or simply relaxing.

Public Engagement and Education

Parks provide places for people to connect and interact in a shared environment. Our volunteers assist with special events, trail cleanups, tree plantings and more.
