

**DRAFT FOR REVIEW
ESTIMATED FISCAL YEAR 2021
TAX BUDGET**

Portage Park District
705 Oakwood St.
Suite 4
Ravenna, Ohio 44266
www.portageparkdistrict.org
admin@portageparkdistrict.org

330-297-7728

NOTE: A public hearing followed by a meeting to adopt the Estimated Tax Budget will be held on June 22nd, 5:30 pm REMOTELY livestream via the Portage Park District's YouTube channel. Information about how to access it is available on the Park District website. Public Comment must be submitted before 4:00 pm the day of the meeting to be presented to the Board of Park Commissioners. Contact the Park District for more information or to comment.

Portage Park District

2021 Estimated Tax Budget Notes

Organization Background

The Portage Park District was formed in 1991 as an independent political subdivision of the State of Ohio, with jurisdiction over all of Portage County, although not over other local, State or Federal parks, unless by special agreement. The Park District is governed by an unpaid 5-member Board of Park Commissioners appointed for renewable 3-year terms by the County Probate Judge. The Board is responsible for adopting the annual budget and authorizing expenditures. The Board appoints and oversees the Executive Director, who is responsible for implementing the policies, plans and priorities of the Park District.

Authority is derived from Chapter 15 (Conservation of Natural Resources), section 1545 (Park Districts) of the Ohio Revised Code. The Park District's Fiscal Officer is the County Auditor, and the Treasurer is its banker. The Park District also works with and receives assistance from the County purchasing, payroll, and human resources departments, and the Portage County Prosecutor's Office. The Park District operates under rules that govern local governments and park districts, as well as the park district bylaws adopted by the Board of Park Commissioners, establishing authorities and controls on budgeting and purchasing.

The Park District office is located at 705 Oakwood St. Suite G-4, Ravenna. The Park District owns and/or manages over 2,000 acres of land, including six open parks, six undeveloped park properties and over 14 miles of hike and bike trail in four areas. In 2021 there are 13 FT equivalent staff proposed--11 full time staff with health benefits, the remainder part time, seasonal or intermittent staff.

The Budget of the Park District reflects its mission to *conserve Portage County's natural heritage and provide opportunities for its appreciation and enjoyment*. This is achieved through land and water conservation; the creation and maintenance of parks and trails for public use and providing programs to enhance public appreciation and understanding of these resources.

In May of 2014, the voters of Portage County passed a ½ mill 10-year property tax levy to support operations and improvements in the Park District; initial revenues were received in March, 2015. In December, 2016 the Board of Park Commissioners adopted a 10 year Master Plan that provides outline park acquisition, development and programming priorities over the next 10 years. The tax levy is augmented by various grants and donations, and funding from the ODOT park district road improvement fund.

Operating and Improvement Funds

Most of the Park District general operations, (maintenance, administration and programming) is expensed out its General Fund for staffing, contract services, supplies, utilities, fees and taxes, etc. The Park District also administers nine other funds restricted for specific parks or improvements. These funds are: The PORTAGE Hike and Bike Trail Fund; Headwaters Trail Fund; Dix Park Fund; Breakneck Creek Fund; Berlin Lake Trail Fund; Upper Cuyahoga Bog Preserve (Morgan Preserve) Fund, Franklin Bog Fund, Red Fox Boat Access Fund, Kent Bog Expansion Fund, Tinkers Creek Greenway Fund, Eagle Creek Greenway Fund. The Board of Park Commissioners appropriates the budget at the unit level; the Executive Director has been given the authority to transfer funds to different expenditure line items within the unit levels. Park acquisition and improvement grants are often reimbursement grants that repay project costs at a certain percentage. Because they are reimbursement grants, projects need cash flow up front, which is accomplished by the cash advance of funds from the General Fund to Capital Improvement Funds, until grant reimbursements are received. Cash Transfers from the General Fund to the Improvement funds are permanent, and reflect the local match from the Park District towards the grant project.

Revenues

General Fund Gifts and Donations: These funds are variable with the majority of donations to support the Park District coming through the Portage Park District Foundation, an independent nonprofit organization formed for the purpose of fundraising to support the mission of the Portage Park District. The Foundation works cooperatively with the Park District and raises funds in support of Park District programs and capital improvements.

Royalties: Several of the properties that the Park District owns had pre-existing oil & gas leases, some with operating wells. The mineral rights with existing producing wells for Dix Park, Chagrin Headwaters Preserve, Shaw Woods, Trail Lake Park and Kent Bog Expansion were transferred to the Park District. The Park District receives fluctuating royalties from these wells. Based on past production, the 2020 estimate is approximately \$10,000.

Interest income is derived from investments made via the Portage County Treasurer based upon fund balances. All interest is posted to the General Fund.

½ mill Property Tax Levy. This levy costs the owner of a \$100,000 property approximately \$17.50/year and yields approximately \$1.7 million/year to be used for park operations and improvement.

Ohio Department of Transportation Park District Road Improvement Funds: The Portage Park District, along with other park districts in Ohio, receives an allocation of funds from ODOT for use on park drives and parking lots. These funds are not received directly, but rather are considered payments made by ODOT on behalf of the Park District. Memos for the receipts and expenditures of the ODOT payments are posted to the Park District accounts after payments are made. Administrative assistance for the fund is provided through the Ohio Parks and Recreation Association. Full ODOT guidance on the Park District Road Tax Allocation program is available upon request.

Expenses

Park Improvement Funds

Expenditures from the restricted park improvement funds are related to park acquisition, development and major maintenance, and they are often dependent on intermittent grants and donations generally for purchase of property, materials and construction contracts. Certain grants require that grant funds are kept segregated from the General Fund monies. Occasionally, restricted donations for particular projects are received which may be deposited into those specific funds. Breaks in the Fund numbering sequence represent park improvement funds which have been closed.

General Fund

The General Operating Fund funds the day-to-day operations of the Park District for administration, routine maintenance, programming and planning. It is comprised of Expense Units, which are controlled and appropriated by the Board of Park Commissioners. Account allocations within the Units are controlled by the Executive Director.

Personnel Unit: Current staff includes one full-time Executive Director, a part-time Administrative Assistant, one full-time Operations Manager, one full time Natural Areas Steward, one full-time Public Engagement Coordinator, full time Education Coordinator, three full time Maintenance Workers, two part time Rangers and 5 seasonal employees. The Personnel Unit includes a contingency for payout of unused sick and vacation leave if necessary. The 2020 Personnel Unit includes funds for those positions plus a budget allotment for casual, at will staff and interns as necessary. The health insurance budget depends on several variables, including the particular plan the employee chooses.

Contract Services Unit: Includes professional services, marketing, insurance, utilities, rent, contracted maintenance and repair services, fees and licenses. Services such as site planning, surveying, engineering and design are associated with development of unopened park properties. The Park District will provide a local share contribution to the County Engineer's Ravenna Road Trail project.

Materials and Supplies: Office and maintenance supplies, copies, literature, uniforms, lumber, furnishings, technology, stone, fuel, tools, etc.

Capital Outlay: Capital expenditures are those with a cost over \$5,000 and include vehicles, equipment, land acquisition and construction projects. While the Park District has goals for land acquisition, the nature of the acquisition process is often tentative considering the need to work with receptive landowners and changes in opportunities available at any particular time. Capital outlay anticipated for 2021 includes funds for the development of Headwaters Trail extension which was pushed from 2020 to 2021, and planning and design for improvements to Morgan Park, Trail Lake and Towner's Woods. Land acquisition prospects are unconfirmed.

Taxes: The Park District pays property tax on newly acquired properties for the first year until it is declared tax-exempt. It also pays taxes on non-exempt properties that produce income such as rented properties. Stormwater assessment fees are paid on all properties.
